Form 990, Part III, Line 1 - Organization Mission

The organization's work is primarily focused on stemming global climate change by creating green buildings and cities. Internationally, the organization is working toward eliminating weapons of mass destruction that threaten lives and the environment and toward providing clean, safe drinking water for the 2.5 billion people who lack access to clean water.

Form 990, Part III, Line 4a - Program Service Accomplishments

The Gulf Coast and Green Rebuilding in New Orleans - GGUSA opened an office in New Orleans in March 2006 following the devastation left behind by Hurricane Katrina. Less than a week after the storm, GGUSA's President and CEO, Matt Petersen, put forth his vision for GGUSA to help rebuild New Orleans with an emphasis on recreating a healthy social environment through using energy efficiency training and education, along with expanding environmental consciousness as tools to re-establish a vibrant and economically healthy city. In collaboration with several local strategic partners, GGUSA is engaged in an innovative workforce development strategy which focuses its nationally-recognized efforts and expertise in parishes throughout New Orleans, most specifically in areas which have both a demonstrated need along with an indication of promise and sustainable development. Motivated by solid partnerships with institutions in the public, private, and business sectors along with valuable community agencies and philanthropic partners, GGUSA is building upon its comprehensive initiatives in New Orleans using a reinforcing model of change via education, technical assistance, and advocacy.

Form 990, Part III, Line 4d - Other Program Services Description

energy demand, air pollution, and natural resource depletion. CORR's priorities are to combat climate change and generate business value by transforming waste into assets.

Climate Change Initiatives and Policy - GGUSA's policy and legislative affairs department works to educate city, state, and federal policymakers and key stakeholders consumers, business, labor and the public about the importance of taking action and creating smart solutions to address climate change. GGUSA also has projects in the Congo helping to bring solar pv's to women's shelter. The need for this shelter has been brought about by the world's demand for conflict minerals and the horrors surrounding their extraction.

Communications and Education - Communications and Education outreach is a critical component of GGUSA's effectiveness in engaging and informing its key constituents and supporters. GGUSA has educated hundreds of millions of people about smart solutions to climate change, through social media, and programs such as our national green schools program and citizen entrepreneurs.

Environmental Security & Sustainability - was created to facilitate communications, progress, and timely action among stakeholders to meet the challenges of the environmental legacies of the cold war and safely eliminate weapons of mass destruction. As part of this program, GGUSA is working with local and regional communities affected by stockpiles of chemical, nuclear, and conventional weapons to improve their social and medical conditions. The program also promotes the issues of biosecurity, biosafety, and responsible biomedical research.
